The girls wore their uniforms, and marched into the church auditorium, where they were seated in a body.

Taking as his theme for his sermon, "The Importance of Being Young," the Rev. Floyd A. Carroll, pastor, said:

Decisions for Future
"It's glorious to be young. Let no man despise thy youth," he quoted. "You are not yet fifty years old, but some day many of you will be, and that can be a glorious period of life, full of many beautiful friendships, happy memories and the consciousness of great causes served and well done, but that depends on whom you give yourself to now.

"Dedicate your life to Christ, and when you come to the end of life, between the words 'born' and 'died' will be the important words, 'She Lived.'"

The indictment alleged that Miss Campbell's niece, Myra Midkiff, and a maid in Miss Campbell's home, Arnette Minor, were carried on the Thomas office payroll and received monthly checks without actually working for the government.

It was alleged that Miss Midkiff and Miss Minor, upon receiving their government checks, indorsed them over to Miss Campbell who deposited them in her personal checking ac-

SECULARISM IS CALLED WORST CHURCH ENEMY

"The philosophy of secularism is the most dangerous enemy ever faced by Christianity in its 1900 years," Dr. Joseph R. Sizoo, president of the New Brunswick Theological seminary, told a near-capacity audience in the local Presbyterian church on the Methodist-Presbyterian Sunday Evening Hour.

Dr. Sizoo, who formerly filled pulpits of large churches in Washington and New York and frequently is heard in radio broadcasts, declared that the hope of the world today lies "in a rebirth of spiritual values."

"The Christian church must come down out of its stratospheric abstractions and keep in balance with its awareness of God, its compassion for man," he declared as he emphasized that Christ's example of the perfect life combined "in perfect balance an incontestable awareness of God with an incontestable compassion for man."

Bridges, Not Barriades

As he emphasized Christ's awareness of man, he asserted: "Jesus Christ is at home in every age and country and is part of the ongoing life of every people. He was the most approachable and the most compassionate person that ever lived. He built windows, not walls, and he built bridges, not barriades."

Speaking of modern man's system of "leaving God out of the picture," the speaker said: "Absence of faith in a man is not sign of mental acumen as you may be told, but is the mark of a second rate life."

The worship service was conducted by the Rev. Harry S. Ecker, pastor of the Lower Marsh Creek Presbyterian church, and the Rev. Floyd A. Carroll, Gettysburg Methodist pastor.

Mr. and Mrs. Clarence Bartholomew sang a duet, "O Lord Most Merciful."

MEMBERS GIVE CHURCH \$1,505

Biglerville's relatively small Evangelical United Brethren congregation "did it again" Sunday. At the sixth annual rally services, the congregation of 110 donated \$1,505.55, the largest sum ever given at one of their rally services. The amount brought the building fund, for which the special yearly services are held, to approximately \$13,000.

Not only did the congregation turn in the largest sum of money, but they also turned in a record attendance, with all members attending and a number of guests. There were 100 at the Sunday school service held at 9:30 o'clock Sunday morning and there were 129 at the 10:30 o'clock rally service.

Charles I. Raffensperger, assistant county superintendent of schools, called for more Christian politicians in his talk given at the 10:30 service. "Christianity should permeate every form of human endeavor," he said, in particularly urging the training of Christian youth for leadership and the "extension of our Christian ideals into everything we do."

The Coulson family of Dillsburg and the Youth choir provided special music for the Sunday school service while the Fleming Sisters of Dillsburg provided music for the 10:30 program and for an evangelistic service at 7:30 o'clock Sunday evening. William Tomlinson, businessman and Sunday school teacher from York, was the speaker at the evening program on the theme "Where Are You and Where Are You Going?"

ROTARY SPEAKER

Dr. Amos E. Taylor, government economic advisor now on loan to the Pan-American Union, will speak this evening at the regular meeting of Rotary at the YWCA at 6 o'clock on "Some Phases of World Economics."

JAIL HEARING, SETTLEMENT OF TWO SUITS DUE

Hearings on settlements of two actions in trespass and a hearing on the sale of the old county jail are among the matters scheduled for Wednesday's session of the county court. Grand jury will also meet on that date.

The court set Wednesday morning at 10:30 a. m., for a hearing on the settlement of the trespass action brought by Eldon S. Myers, administrator of the estate of Gloria E. Myers, deceased; Mary T. Myers and Pauline C. Myers, all of Hanover, against Wesley C. Ingram, of Catonsville, Md.

Settle For \$5,400

Papers asking the settlement list approximately \$5,400 in payments to be made by Ingram including \$1,000 to Mary Myers, with her guardian to be named by the York courts; approximately \$230 in medical expenses in connection with the accident to be paid to Eldon S. Myers; \$1,028.35 funeral expenses for Gloria E. Myers, killed in the accident; \$175 for the burial lot and \$385 for the tombstone; \$15 towing expenses and \$1,120 for the jeep in which the Myers' were driving and which was destroyed, to be paid to Eldon Myers; \$151.20 loss of earnings and \$248.80 for pain and suffering to be paid to Pauline Myers. The remainder goes for lawyers' fees. The case developed from an auto accident on January 26, 1947, 2½ miles east of Littlestown in which Gloria Myers was fatally injured. Pauline Myers suffered a fracture of the left kneecap and other injuries and Mary Myers suffered a fracture of the left arm and other injuries.

The other hearing on a trespass settlement will be heard at 10 a. m., Wednesday, and is the case brought by Eugene H. Rita A. and William Herbert Roth, Chambersburg street, against John T. Pitzer, Gettysburg, following an accident June 21 on Chambersburg street in which William Herbert Roth was struck by Pitzer's car. The amount listed in the papers asking settlement is \$995, including \$219.25 medical costs. The child suffered a fractured skull in the accident.

A hearing will also be held Wednesday to determine whether the old jail is still of value to the county or whether it should be disposed of in some way.

Constable Named

The court Saturday set November 27 at 10 a. m., as the time by which Eva Driver Margulias of Alabama, can show cause why a final decree of divorce should not be entered in the divorce action brought by her husband George H. Margulias, Gettysburg. In its order handed down Saturday the court approved the report of the master and directed that a rule be issued on Mrs. Margulias that if she does not bring objections by November 27, the final decree of divorce will be handed down.

David E. Myers was appointed constable of Reading township to succeed Charles Dicks, who was elected in 1945 for a six year term but would not accept the office. The appointment will become effective, the court added, as soon as Myers posts the usual \$1,000 bond.

PEACE TALKS ARE REPORTED

Tel Aviv, Israel, Nov. 8 (AP) — Sources close to the Israeli foreign office said yesterday peace talks are under way between the Egyptian and Israeli governments.

(A member of Egypt's U. N. delegation in Paris denied the report, while Israeli informants in Paris would neither confirm nor deny it. Authoritative U. N. sources said they had no knowledge of such negotiations.)

The Jewish sources said the conversations have been in progress for several days, either in Paris or Geneva.

A peace between Israel and Egypt would involve only southern Palestine. A Jewish offensive last month pushed the Egyptians back in the Negev desert and Jewish forces still surround several thousand Egyptian troops in isolated pockets. The U. N. Security Council is trying to get the Jews to withdraw to positions occupied before the offensive. (A Cairo newspaper yesterday reported that the Egyptian government had suggested a separate peace between its country and Palestine, but Trans-Jordan officials in Cairo denied that report.)

(Brig. Gen. William E. Riley, chief of the U. N. truce mission in Palestine, was reported to have told Arab representatives in Paris their military positions in the Holy Land was hopeless and their governments had better make peace with the Jews.)

CHIANG WARNS OF LONG WAR

Nanking, Nov. 8 (AP) — Chiang Kai-shek, far from down and out, warned China today to get ready for eight more years of war on the Reds.

China's president said he will not make peace with the Communists. China's only chance for peace, he said, is to exterminate the Reds on the field of battle.

The statement was made to 1,000 Kuomintang (party) members and legislators.

Current peace rumors are Communist inspired, said Chiang.

He apologized for the failure of economic and currency reforms and said new measures to bolster the situation are being drawn. Likewise, he declared, new life is being put into the nation's armies.

Chiang did not try to minimize recent defeats. The loss of Mukden and Chihnsien were the greatest setbacks of the long, bloody China revolution, the president declared.

There was no indication by Chiang of any contemplated overall changes in the government.

Election Payoff Gives Aching Back

Princeton, W. Va., Nov. 8 (AP) — That GOP elephant sort of fell on Isaac J. Sweeney, and Sweeney's aching back felt like it today.

He had waged on Republican Thomas E. Dewey in the recent Presidential election.

Yesterday he paid off by pushing Henry Brewster 11 long miles in a rubber-tired wheelbarrow. The trip over a hilly highway from Princeton to Bluefield took nearly six hours.

Sweeney, husky and in his thirties, was a big Dewey sign, while Brewster, 64, reclined against cushions and brandished a President Truman poster.

"One good thing," groaned Sweeney, "Henry only weighs 130 pounds." Both men work as machinists in the Virginian railway shops here.

SAYS KOREANS BATTLING REDS

Seoul, Nov. 8 (AP) — Home Minister

T. Y. Yoon of the South Korean republic today reported mass uprisings in Russian controlled northern Korea have cost upwards of 6,000 lives in the past few days.

A spokesman for the U. S. Army in South Korea said no confirmation of Yoon's sensational statement, made to newsmen, had been received at headquarters.

Yoon said he believed the attempted revolt occurred in eight northern cities, including Pyongyang, the capital of North Korea. His information, he said, was that the revolt had been put down. However, another cabinet officer who declined to be quoted by name said he had information that fighting was continuing and that an estimated 150,000 men were involved.

Yoon said his informants pictured the rebellion against the Communist regime as one of desperation.

North Koreans, Yoon said, were hungry and cold. They marched on well armed Korean Communists with only sticks for weapons, he said.

Bullets Drop Thriller 33-27 To Delaware Here Saturday In Season's Final Home Game

Sam Macrum's sensational catch of Charley Smith's pass in the end zone with 20 seconds of play remaining enabled the Delaware Blue Hens to break at 27-27 deadlock and hand the Gettysburg college Bullets a heart-breaking 33-27 defeat here Saturday afternoon in one of the most thrilling games played on the local field in a long time.

Never in the lead but coming from behind twice to deadlock the score when apparently on the way to certain defeat, the scrappy Bullet outfit staged a great battle against the heavily favored Delaware outfit.

Ross Sachs' pitching arm was in great shape as he hurled four touchdown passes and completed 13 of 25 aerials. Seven of his completions came in the fourth period and nearly pulled the game from the fire for the locals.

Inability to halt Johnny Paris on his slashing off-tackle smashes was costly to the Bullets while the previously ground-minded Hens' aerials were much more effective than anticipated.

Score On 3 Plays

Delaware started with a rush and seemingly was on its way to an easy conquest in the first period. It took the visitors just three plays to score after Gallagher returned the opening kickoff to his 35 yard line. A pass was grounded and then Smith tossed an aerial to Paris on the Gettysburg 35. On the next play Cole, on a double reverse, went through the left side of the line to hit pay dirt. Bilski converted on a placement.

Gettysburg received a scoring opportunity a few plays later when Don Emert, who played a whale of a game at end, recovered Cole's fumble of a punt on the Delaware 14. However, the Blue Hens were equal to the occasion and took the ball on downs at that point.

An intercepted pass by Hauptle on the Gettysburg 40 set up Delaware's second tally, Smith passing to Cole on the 20 from where he scored untouched. Again Bilski converted.

Bullets Tally

The Bullets struck back for a score shortly before the first period ended. Musselman returned the kickoff to his own 27. Tony Cervino, an outstanding ground gainer, all afternoon, circled right end to reach the 50. Speaker picked up four yards through the right side of the line and Cervino went around left end for a first down on the 14. Jones pounced out four yards on a line thrust and then Sachs passed to Speaker in the end zone for the score. Atherholt booted the point.

A smashing 75-yard drive, paced by the running of Paris and plunging of Stalloni, finally ended with Paris going through the right side of the line from the 4-yard mark. Bilski added his third conversion on a placement.

Emert's second recovery of a fumbled punt by Cole on the Delaware 47 paved the way for Gettysburg's second tally just before the half ended. Faulkner and Griffiths picked up a first down on the 32, and a pass to Speaker was good for another first down on the 4. Sachs then tossed to Emert in the end zone for the score. Atherholt added the point on a placement.

There was no scoring in the third period. Gettysburg once moving to Delaware's 27 and the Hens being halted on Gettysburg's 18 when Jones recovered a fumble.

Thrill-Packed Finish

The big thrills were to come in the final period.

A dazzling passing exhibition by Sachs featured Gettysburg's 66-yard march for a score. Passes to Emert and Speaker put the ball on the 13. On the final down Sachs hit Emert with a toss on the 3 from where he went over. The score was deadlocked when Atherholt's boot sailed through the uprights.

Delaware came back with a vengeance, reeling four straight first downs on an 80-yard march which ended with Stalloni cracking center for the score from the 1-foot mark. The pass from center was fumbled which prevented Bilski booting the point.

The Bullets quickly tied the score through the trusty right arm of Sachs. Emert returned the kickoff to his 43. Sachs passed to Speaker for a first down on the 24. His next toss was to Emert on the 10. After Jones hit the line for 5 yards, the Bullet passes connected with Cervino in the end zone to tie the count with five minutes remaining. Atherholt's try for the point was no good when it was partially blocked.

With exactly 4:50 minutes remaining the Hens pulled the game into the win column. A hard running attack by Paris and Stalloni moved the ball to the Gettysburg 25 with less than a minute remaining. Paris picked up seven yards through right tackle and then Smith hurled his game-clinching pass to Macrum in the end zone. Macrum snared the pass mid-way two Bullet defenders. Bilski kicked through the uprights on his conversion try but Delaware was penalized 15 yards for illegal use of the hands and on the next try the ball was fumbled and the try nullified.

Jones Almost Away

Only a few seconds remained when Ditty Jones took the following kickoff on the 35 and brought the 3,000 fans to their feet when he streaked

down the north side line to reach Delaware's 16. Before Gettysburg could run another play the game ended.

At the conclusion of the game Delaware fans ripped down the eastern goal post which promptly led to a skirmish between supporters of the teams. The melee was broken up when a tear gas bomb was set off by police.

Next Saturday the Bullets journey to Kingston, N. Y., to tangle with St. Lawrence University.

Sports Roundup

By HUGH FULLERTON, JR.

Chapel Hill, N. C., Nov. 8 (AP)—North Carolina's Carl Snavely is a single wing football coach from away back. . . . And after facing four T-formation teams this season, two that used the wing with a balanced line and one "real" single wing team, Snavely will give you an argument that his style is the best and most modern kind of football.

He collected some good evidence in a painful way last Saturday. The "real" single wing team, William and Mary, held Snavely's Tar Heels to a tie.

PRO'S PROSE

"I think the T formation is becoming more standardized than the single-wing," Snavely said, "and professional football shows it. They can buy a player one week and play him the next Sunday. He knows all the plays—they all use the same ones, even the same signals—and can handle the blocking assignments."

You can't do that in the wing. The blocking, especially the two-man blocks, take a lot of time before a player can get the assignments right. . . . Someone asked about Carolina adopting some "Michigan" plays and the grey-haired coach looked puzzled.

"We use some back-lateral plays, if that's what you mean. We're always trying different things and developing the game. That's why I think you can do more with the single wing."

P. S.: Saturday's game showed why Snavely hasn't adopted much Michigan stuff. His fullback, Hosea Rodgers, isn't adept enough at the faking and spinning job.

YOU TAKE THE CREDIT

Snavely, who isn't much of a guy to squawk, registered one beef against the North Carolina Publicity department the other day. . . . Wandering into the office, he remarked mildly: "I want to make a complaint. Our linemen aren't getting enough credit. You're writing a lot about justice, Rodgers and Weiner, but we have a good line."

A cagey tub-thumper asked: "Coach, can you name any linemen from Notre Dame or Michigan?" "No," admitted Carl, "but I still think they should get more credit."

DELONE DRUBS CRUSADERS FOR 8TH TRIUMPH

Delone Catholic high school's powerful football team copped its seventh straight victory and eighth win in nine starts Sunday afternoon by swamping Harrisburg Catholic 34-7 in a game played before approximately 3,000 spectators at Mechanicsburg.

Coach Alex Bell's lads scored in the opening period after Bell recovered a Harrisburg fumble on visitors' 18. Smith fought his way to the nine and Murren to the five before Small went over. Small added the point on a placement.

The Squires added a pair of touchdowns in the second quarter to take a 20-0 half time margin. Delone marched 70 yards for the first touchdown, Small going off-tackle from the six. His placement try was wide. The third Delone score resulted after Delone took the ball on the Harrisburg 32 through a punt. Sheaffer later plunged over from the one. Small added the point on a placement.

Crusaders Score
Two Delone penalties, one for pass interference and another for clipping, set the stage for Harrisburg's lone score in the third period. W. Staub intercepted a Crusaders pass at the goal line to halt the drive, and after three running plays picked up but three yards. Pallini blocked a Squire punt with Avery falling on the ball in the end zone for the score. Waldron added the point on a placement.

Early in the last stanza Small went off tackle for 56 yards and a touchdown, adding the point on a placement.

The final touchdown resulted when the Squires recovered a fumble near mid-field. After advancing to the 30 the Squires were set back to mid-field on a clipping penalty. Smith gained 10 yards on an end run and then B. Smith whipped a pass to Gebhart near the goal line from where he tallied. Small booted his fourth point.

Next Sunday Delone will play its final home game by meeting Reading Central Catholic.

GRID UPSETS MARK SCHOOL GAMES IN PA.

By LEONARD A. UNGER

Harrisburg, Nov. 8 (AP)—A crazy patch quilt of surprises blanketed schoolboy football ranks across the state today.

Seven unbeaten eleven fell to their first defeat. Two long undefeated skeins went by the boards. Four schools were eliminated from further championship consideration. And a point after touchdown virtually decided two conference titles.

That extra point gave Tyrone high's Golden Eagles a 14-13 victory over the hitherto undefeated, untied Lock Haven Bobcats. The Golden Eagles' 27th straight triumph over three years also greased the skids for their repeating as champions of both the western conference and central counties league.

Underdog Wins

It was an underdog Vandergift eleven that severed New Kensington's 24-game unbeaten streak extending back to 1945. The 20-14 loss by the Kensters also eliminated them from WPIAL Class AA championship honors which they had won in 1946 and 1947.

A 6-6 deadlock by Homestead cut Tarentum's string of 17 victories over two years and dashed the Redcats' hopes for the WPIAL Class A title. Another Class A diadem seeker, Coraopolis, dropped by the wayside by falling victim to Midland, 12-6.

Blairsville, 1947 Class A champion, continued in the title fight despite a 27-25 loss to St. Vincent's Prep. The exhibition deadlock, however, dropped the Bobcats, with eight straight victories, from the perfect ranks. Freedom slapped a 13-7 loss on Hopewell ending that team's aspirations for the class title. But New Castle, Monongahela and Wilkensburg remained in the Class AA race by decisively beating Aliquippa, Charleroi and Latrobe, respectively.

RANKS OF UNTIED AND UNBEATEN SLASHED IN HALF

By BEN PHILEGAR

New York, Nov. 8 (AP)—The unbeaten-untied ranks of major college football teams, cut almost in half over the week-end, may be sliced near the middle again Saturday.

Only five schools—Notre Dame, Michigan, Army, California and Clemson—still have perfect records. Both Army and Clemson face their toughest opponents of the season this week. The cadets have the unpleasant task of meeting Pennsylvania at Philadelphia with Penn on the rebound from its 13-0 licking by Penn State. Clemson tangles with Wake Forest, 27-20 conqueror of Duke, at Winston-Salem, N. C.

Four Marks Fall

And then there's the top game of the day—Northwestern vs. Notre Dame at South Bend.

The fighting Irish probably will win this one by several touchdowns, but the Wildcats definitely are above the average caliber of Notre Dame opponents this year.

Michigan and California shouldn't have much trouble in maintaining their records. The Wolverines entertain Indiana, which was pounced, 46-6, by Notre Dame Saturday. California plays host to Washington State Friday night.

Four perfect marks were broken Saturday and Sunday. In addition to Penn's defeat, Georgia Tech lost to Tennessee, 13-6; Nevada was downed by Santa Clara, 14-0, and William and Mary held North Carolina to a 7-7 tie.

Missouri Massacred

One of the biggest surprises Saturday outside the unbeaten ranks was Oklahoma's 41-7 massacre of Missouri.

Southern Methodist took over first place in the southwest conference with an unimpressive 20-14 decision over Texas A. and M. While Texas' dumped unbeaten but once tied Baylor, 13-10.

Army bolstered its claim that it has as powerful a club as in the days of Glenn Davis and Doc Blanchard by smothering Stanford, 43-0, in New York.

In the east, Columbia, which blew leads in the final minutes while losing to Penn, Princeton and Cornell, tried to come from behind against Dartmouth, but fell short, 26-21. Princeton trampled Harvard, 47-7, and Canisius handed St. Bonaventure its first loss, 14-6.

from the unbeaten class with a surprising 17-0 triumph. East Greenville added to its own blue chip record of eight straight conquests by topping Roversford from the unbeaten ranks, 10-6.

Eric Cathedral Trips

Eric Cathedral, also unbeaten this season, tripped over Ambridge for its first loss, 35-21. Meanwhile, Steelton steamrollerd its way on the victory trail by overwhelming York, 26-0, for its seventh straight win. The Steamrollers are far in front in the Central Penn Conference standings.

Other Central Penn contests saw Harrisburg John Harris trim Lancaster 13-0, Reading subdue Lebanon 20-6 and Williamsport and Harrisburg William Penn battle to a scoreless tie.

Blackly maintained its leadership of the northern division of the eastern conference by a 13-0 conquest over Jessup. In the southern sector, rain forced a postponement of division-leading Ashland's game with Frackville until tonight.

South Penn conference competition saw Chambersburg tighten its grip on the top rung by walloping Carlisle 45-6 while Gettysburg was upset by Mechanicsburg, 6-0.

Sport Shorts

New York, Nov. 8 (AP)—Hank Treesh of Hanover (Ind.) college, one of the top offensive football stars among small schools, now leads the nation's college scorers with 102 points. He scored three touchdowns Saturday as Hanover whipped Indiana Central, 40-12. This gave him a three-point edge over Dan Towler of Washington and Jefferson, who had been leading the scoring parade. Treesh has scored 17 touchdowns in seven games. Towler's points have come on 15 touchdowns

EAST BERLIN HI GRIDDERS DROP 24-0 DECISION

Washington Township high school repeated an earlier season victory Saturday afternoon when it trounced the East Berlin hi-gridders, 24-0, in a game played on the winners' field.

East Berlin missed a golden opportunity to score early in the opening period, when Markey, tackle, blocked a Washington Township punt and fell on the ball on the Franklin countians' 4-yard line. However, the home club was equal to the occasion and took the ball on downs after two running plays and a pair of passes failed to gain.

Near the end of the period Weagley sped 68 yards to tally the first touchdown for Washington Township. A line plunge for the point failed.

Miscues Costly

Washington Township scored twice in the second period. A bad pass from center gave Washington Township the ball on East Berlin's 17-yard line and on the next play Hess went the remaining distance for a score. Warren missed a dropkick for the point.

On the following kickoff the Township team recovered a fumble on East Berlin's 45. Weagley then hurled a pass to Pentz for the score. Pentz' dropkick for the point failed.

After halting a Washington Township drive in the third period, a bad pass from center was recovered by Zimmerman in the end zone for the final score of the afternoon. A plunge for the point failed.

During the final period both teams threatened but no scoring materialized.

On Tuesday the East Berlin lads clash with Dallastown on the latter's field in a game which was postponed from October 30.

COLTS CLIPPED BY BROWNS AS ROCKETS LOSE

New York, Nov. 8 (AP)—The Cleveland Browns spent the past two Novembers primping for the All-America Football conference's championship game. But this month finds the Browns preparing for two clashes against the upstart San Francisco 49ers with the Western division title at stake.

Both of these powers tuned up for their important battle next week with triumphs yesterday. The Browns dumped the Baltimore Colts, 28-7 for their ninth straight victory and 12th over a two-year span. The 49ers racked up their 10th consecutive decision, trouncing the Chicago Rockets, 44-21, to stay a half game in front of the Browns.

The loss knocked the Colts out of first place in the Eastern division chase in favor of the Buffalo Bills. The Bills tamed the Brooklyn Dodgers, 26-21. In the other Conference game, the New York Yankees humbled the Los Angeles Dons, 38-6.

Meanwhile, the Chicago Cardinals and the Chicago Bears, powers in the rival national league, remained tied for top honors in the circuit's Western division.

The Cards, defending champs, stomped the oft beaten Detroit Lions, 56-20. The Bears turned back the Los Angeles Rams, 21-6.

Philadelphia's red hot Eagles crushed the New York Giants, 35-14, to maintain their half game edge over the Washington Redskins in the eastern chase. The Skins, led by Sammy Baugh, tamed the lowly Boston Yanks, 23-7.

Steelers Stun Packers
The passing of Tommy Thompson and the running of Steve Van Buren was too much for the Giants.

Thompson completed nine out of 19 passes for 189 yards and two touchdowns. Van Buren tallied twice and bulled for 143 yards. The victory was the Eagle's fifth straight.

The Pittsburgh Steelers stunned the Green Bay Packers, 38-7, to end their three-game losing streak. Rookie Ray Evans ran and passed the Steelers to a 24-0 half-time lead and the Packers never recovered.

and nine extra points in six games.

Altoona, Pa., Nov. 8 (AP)—Unbeaten Tyrone, which nosed Lock Haven 14-13 last week, continues to lead the Western Pennsylvania interscholastic Athletic Association's football teams. The Tyrone eleven, unbeaten and untied in eight games, has accumulated 300 points. Adams Township is in second place with 213 touchdowns in seven games. Towler's points have come on 15 touchdowns

Today's Talk

By GEORGE MATTHEW ADAMS
WE NEVER KNOW

We never know how far a kind word of encouragement may travel. We never know the extent of our influence. The other day I received a letter from a gentleman in England who wrote to me about some brief writings that I had sent to a friend in Australia. What a happy surprise that was!

Edward Grieg, the Norwegian composer, as a child, took one of his compositions to school with him to show to a companion. His teacher somehow intercepted it, looked over it and exclaimed: "Such rubbish ought to be destroyed!" But Ole Bull, the great violinist, came in touch with Grieg's family and urged them to send the boy to Leipzig for instruction.

We never know to whom we may be talking, when meeting a stranger never met before. Browsing in a book store recently, I met a quiet, modest chap and we got to talking books. I found him intensely interesting. After he left the place I inquired as to who he was and was informed that he was a famous playwright and had two successful plays then on the New York stage.

There is one thing about the truly great and that is that they are usually modest and human. And if you meet them unawares they are "just folks." When I call on my old friend Senator Arthur Vandenberg, in Washington, he seems no different as a world figure than when I used to talk to him in his newspaper office in Grand Rapids, Mich., many years ago—though then I never dreamed he would be where he is today. We never know where anyone today may be tomorrow—if he has a message to deliver.

Who among those who went into that small log cabin store of Lincoln & Berry, at Salem, Ill., ever suspected that the tall, crude-looking Lincoln would one day be among the great of this earth, and revered as such? Even Lincoln himself never suspected it.

You will recall the tribute that Shakespeare paid to the little candle by remarking how far it threw its beams, likening them to a good deed in "a naughty world." A generous word is like that. It may turn up in a dozen different languages and sparkle its light around the world!

Tomorrow Mr. Adams will talk on the subject: "Self Freedom."

Just Folks

The Poet of the People

FIRST TOOTH
Day by day the changes come.
Someone better this or that;
Grows a larger pear or plum,
Makes a finer doorway mat.
Little as it was can stay
'Neath the restless search for truth.
Still we act the same old way
When the baby gets a tooth.

None the future can predict.
None the marvels new can see.
Time in this regard is strict,
Hiding what is yet to be.
There are many ways to fame
For ambitious, willing youth,
But 'twill always be the same
When the baby gets a tooth.

Mothers to the phone will fly,
Calling fathers with delight,
Asking neighbors in to spy
That first tiny cusp of white;
And until the world shall fall,
Fairly dancing in the booth,
They will tell the news to all
When the baby gets a tooth.

For some weeks there has been danger of serious collision between these and the students of Pa. college. The letter, jeered at and insulted, jostled in passing and even way-laid on their return to the institution at late hours. The students have been cautioned by the College authorities not to allow themselves to be drawn into any personal difficulty, and nothing but most marked forbearance under trying provocation has prevented serious collisions. On Monday night this state of things culminated in a serious fracas in front of the Court-house, a party of students being attacked as they were leaving the night session of the Teachers' Institute.

CONVICTION OF BENNETT MEYERS IS CONFIRMED

Washington, Nov. 8 (AP)—The U. S. Circuit Court of Appeals today upheld the conviction of Maj. Gen. Bennett E. Meyers on charges of inducing another person to lie under oath to a Senate committee. The court split 2-1.

Meyers has been in jail since last March 14, serving an 18 months to five years sentence imposed after his conviction in U. S. District Court.

The case against him grew out of a Senate investigation of wartime air force contracts.

Meyers, now retired, was the chief purchasing officer of the air force during the war.

Summary of Charges
In summary, the charges made against him amounted to this:
Meyers was the actual owner of the Aviation Electric corporation, Dayton, Ohio, which received profitable war contracts, but hired Blieriot H. LaMarre to act as "dummy" president of the concern. When the Senate investigation got underway, Meyers persuaded LaMarre to testify falsely.

In testimony to the committee, LaMarre first said Meyers had no connection with the firm but later, giving what he said was the truth, testified Meyers did own it.

Meyers contended throughout that he was innocent, but was tried and convicted of subornation to perjury.

'CHARITY' PARTY BEING PROBED

Philadelphia, Nov. 8 (AP)—New York authorities sought today to bring 55-year-old Stephen S. Tolk back to Gotham for questioning about an alleged "charity" gambling party at the home of a Park avenue socialite. Counsel for Tolk said he would fight extradition at his hearing before a magistrate.

Tolk is charged with conspiracy, common gambling, keeping and maintaining a gaming establishment and persuading persons to go to such places.

The accusations came from a grand jury which investigated a party last July 28 at the home of Mrs. Vivienne Wolley-Hart at which some 150 persons are alleged to have lost more than \$20,000 at roulette, dice and chemin-de-fer.

Tolk was taken into custody at the Warwick hotel here yesterday after "someone in Philadelphia" telephoned Frank S. Hogan, New York City District Attorney, with a "tip" as to his (Tolk's) whereabouts," said Detective John Gormley.

New York detectives joined Philadelphia officers in the arrest. Gormley said that Tolk, also known as Louis Katz, was about to leave the hotel for Miami.

Gormley said Tolk had registered with a middle-aged blonde woman as Sam Stern and wife of Perth Amboy, N. J. He said the woman was "an innocent party." She was not arrested.

Harrisburg, Nov. 8 (AP)—Auctioneers eyed a \$1,000,000 sale for the second straight year at the opening of the 10th annual Harrisburg standard-bred horse sale today.

The consignment for the five-day sales consists of nearly 100 more horses than were sold last year when the total sale value soared to \$1,005,100. It was the first million-dollar sale in harness horse history.

Topping the Ori consignment of yearlings is Hanover Shoe farm which will send 76 young trotters and pacers into the sale ring before Auctioneer George Sweeneybrod.

The Village farm, Langhorne, Pa., has consigned 42 yearlings to the sale, a record number for Gage Ellis' barn. Hanover disposed of 78 head at the 1947 sale with the trotting colt, White Hanover attracting an all-time record price of \$42,000 for a standard-bred yearling. Village farm sold 33 horses last year.

Most of the stock consists of yearlings. But a number of veteran horses, including 1946 Hambletonian winner Chestnut and the 3-year-old trotters Rollo and Jeff Hanover also on the list. The latter were money-winners at the 1948 Hambletonian.

Elizabeth Ostrander, secretary of the town board of health, said yesterday the 21 now signed up for the trip will leave Wednesday or Thursday, flying both to North Carolina and back to Pittsburgh.

Miss Ostrander said she expects a second group of 20 to 30 to go to North Carolina when the first group returns.

"It's truly a wonderful example of southern hospitality," she said.

GOP SCRAMBLE IS SEEN AHEAD

By JACK BELL

Washington, Nov. 8 (AP)—A scramble for Republican party leadership—with Harold E. Stassen among those taking part—apparently is in the making as an aftermath of last Tuesday's election.

Despite an assertion by Gov. Thomas E. Dewey that he has no plans to step down as titular GOP head, his second straight defeat for the presidency may leave him little to say about future Republican policies.

These policies largely will be shaped by the Republican minority in Congress.

These such familiar figures as Senator Arthur H. Vandenberg of Michigan, Senator Robert A. Taft of Ohio, Senator Kenneth Wherry of Nebraska, House Speaker Joseph W. Martin, Jr., of Massachusetts and Floor Leader Charles A. Halleck of Indiana will be in the saddle.

But none of these is a stand-out now for the Republican presidential nomination in distant 1952.

Instead, some of the Republican politicians who have caught their wind after the surprise drubbing given them by the Democrats are beginning to look outside the formal congressional leadership.

Those catching their eye include men like Stassen, Senators Irving M. Ives of New York, William Knowland of California, Raymond Baldwin of Connecticut, Leverett Saltonstall and Henry Cabot Lodge, Jr., of Massachusetts and Homer Ferguson of Michigan. Rep. Clarence Brown of Ohio is mentioned among House members.

TENTH SALE OF HORSES OPENS

Harrisburg, Nov. 8 (AP)—Auctioneers eyed a \$1,000,000 sale for the second straight year at the opening of the 10th annual Harrisburg standard-bred horse sale today.

The consignment for the five-day sales consists of nearly 100 more horses than were sold last year when the total sale value soared to \$1,005,100. It was the first million-dollar sale in harness horse history.

Topping the Ori consignment of yearlings is Hanover Shoe farm which will send 76 young trotters and pacers into the sale ring before Auctioneer George Sweeneybrod.

The Village farm, Langhorne, Pa., has consigned 42 yearlings to the sale, a record number for Gage Ellis' barn. Hanover disposed of 78 head at the 1947 sale with the trotting colt, White Hanover attracting an all-time record price of \$42,000 for a standard-bred yearling. Village farm sold 33 horses last year.

Most of the stock consists of yearlings. But a number of veteran horses, including 1946 Hambletonian winner Chestnut and the 3-year-old trotters Rollo and Jeff Hanover also on the list. The latter were money-winners at the 1948 Hambletonian.

Elizabeth Ostrander, secretary of the town board of health, said yesterday the 21 now signed up for the trip will leave Wednesday or Thursday, flying both to North Carolina and back to Pittsburgh.

Miss Ostrander said she expects a second group of 20 to 30 to go to North Carolina when the first group returns.

"It's truly a wonderful example of southern hospitality," she said.

quered people bitter and thus start World War III?" he asked. "Our forefathers came to this country for plenty of freedom, and that is why we succeeded as a nation. Spain put her trust in money and became, and still is, a second rate nation. Gold alone has never made a people great. Greatness came only through religion. Religion is the only sure and safe way to prosperity. It is the greatest security to humanity. Any nation forsaking religion is headed for destruction. Religion is essential for a right attitude toward God and man and for a right morality. It makes a great contribution to the patriotism of any nation."

NOVEMBER JOBS IN THE GARDEN

Make sure that your newly prepared rose beds receive plenty of seasoned manure or bone meal and humus. Ample drainage also is important.

Clean the garden of dahlias, corn stalks, and decayed fruits and vegetables. Burn them if they have been troubled with borers or other pests. If leaves are diseased, burn them too. Many pests winter over in fruits and leaves.

Lift beets, carrots and turnips before frost ruins them. Store them in boxes of sand and moisten the sand slightly to prevent shriveling. Parsnips, which are improved by freezing, may stay in the ground all winter if protected with a mulch. Pumpkins and squashes should be ripened thoroughly before they are harvested and stored in a fairly warm place.

An ample supply of soil, sand and peat moss should be set aside for sowing seeds indoors during the winter.

Continue planting tulips, daffodils, hyacinths and other spring-flowering bulbs. Label plantings in indelible ink.

Cut off and burn the tops of phlox and peonies as soon as they are completely browned by killing frosts.

Place a shovelful or two of sand or cinders over the crown of delphinium plants to protect them against snails and slugs.

Broad-leaved evergreens, such as rhododendron, should have a mulch applied before the ground freezes. Check your garden tools before putting them away for the winter. Clean them thoroughly and cover the metal with a thin film of lubricating grease or oil to prevent rust. Clean spraying and dusting equipment of all old spray materials.

Badders, teacher, will meet, Tuesday at 7:30 p. m. at the home of Mrs. Walter Myers, Lumber street. A basket of chrysanthemums was placed on the altar of St. Paul's Lutheran church, the Rev. David S. Kammerer, pastor, on Sunday morning in memory of Pvt. Ernest Mayers, who was killed in France, November 8, 1944. The flowers were placed there by Mrs. Mayers and their son Wilbur.

Chorus Coals Received
L. Robert Snyder, director of the Littlestown Men's chorus, has announced that R. H. Lippy of Gettysburg, has received the remainder of the coals for the Men's Chorus and will be present at the rehearsal on Tuesday at 8:30 p. m. in St. Paul's Lutheran church for fittings. It is imperative that all members of the chorus be present at this rehearsal. A second rehearsal for the week will be held Thursday at 9 p. m., also in St. Paul's church.

There will be an important meeting of the troop committee members and leaders of the Littlestown Brownie Scouts and the Intermediate and Senior scouts on Tuesday evening at 7 o'clock in Redeemer's Reformed church preceding the Girl Scout Leadership Training course which will be held at the same place from 7:30 to 9:30 p. m.

The will be a special meeting of the joint boards of the Littlestown Jointure Tuesday evening at 7:15 o'clock in the Littlestown high school library, which meeting will be followed by the regular monthly meeting of the executive board of the Jointure, also in the library.

The semi-monthly meeting of the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, will be held at the post home, West King street, Tuesday evening at 7:30 o'clock.

There will be a Personal Activities report at the weekly meeting of the Littlestown Rotary club which will be held Tuesday at 6:15 p. m. at Schott's. Suggestions For Lily Growers
Despite theories to the contrary, lilies are easy to grow. Long experience, special locations and expensive preparations are not necessary in order to have these aristocrats of the flower garden in their full beauty from early summer until late autumn.

Most hardy lilies should be planted as soon as bulbs arrive in October or early November. However, if bulbs are not available until later, they may be planted safely, providing in most cases that soils have been prepared well in advance and kept protected from inclement weather.

Beginners should remember that lilies are divided into two main groups as regards depth of bulb planting — stem rooting and base rooting. The former permit and require deeper planting than base rooting sorts.

Lilies have been domesticated from far corners of the earth. This fact emphasizes one very important matter of their culture — that all lilies do not thrive under the same soil and climatic conditions. Some are native to humid river valleys; others came from colder and higher regions; several prefer fairly dry locations while some demand plenty of moisture. But one rule seems to apply to all species. It is this: Lilies must have a deeply mellow loam, well drained and liberally supplied with moisture-holding organic matter. They seldom thrive in a hard or shallow loam.

Many successful lily growers recommend well weathered cow manure as the more satisfactory form of humus plus plant foods. This should be gathered from pastures after long exposure and pulverized. It is then worked uniformly through the lower rooting levels when soil is being prepared.

Lilies seem happier where they are afforded some protective ground cover during the growing season. One of the many fine ornamentals for this role is the Carpathian Harebell, listed as Campanula carpatica. Or the Virginia Bluebell may be used. Scotch heather, violets, the low-growing Speedwell, pansies and several other perennials or perennials.

Several years ago Dr. Emmsweller, of the United States Department of Agriculture, recommended twelve hardy lilies for beginners with these flowers. The list remains an excellent collection even after the passage of years. They are: Regale (Regal), amabile, tenifolium (pumilum), Hansoni, Henryi, formosum, ti-

TEMPO MOUNTS TOWARD NEXT LEGISLATURE

By L. U. LESLIE

Harrisburg, Nov. 8 (AP)—The spade-work already has started for the 1949 session of the Pennsylvania Legislature. The tempo will increase daily until the Assembly convenes at noon, Tuesday, January 4.

Traditionally, the interim between the November election and convening of the Legislature is used to whip into form the various programs that will be presented to it for consideration.

The major programs which will reach the Assembly include:

- 1—The administration program, which will be embodied in Gov. James H. Duff's message to the Legislature after the Senate and House organize.
- 2—The Democratic minority program, which will be worked out at caucuses of Democratic senators and representatives and party leaders.
- 3—The legislative programs of organized groups usually submitted in the form of bills by elected individual legislators.

In addition, the joint state government commission, the Assembly's continuing research agency, has had scores of committees at work on various state problems since the 1947 Legislature ended.

Reports of those committees with recommendations for legislation will be submitted to the House and Senate from time to time throughout the 1949 session.

Potential Veto

The House, in the forthcoming session, will be a big battleground because of the potent minority vote the Democrats won in that chamber at last week's election.

The House lineup is 117 Republicans and 91 Democrats, giving the Republicans only 12 votes above the constitutional majority of 105 votes needed to pass a bill. The Democrats' big advantage, however, is the veto they have on appropriation bills. A two-thirds vote is required to pass an appropriation bill. The Republicans must look to the Democrats to provide the vote for a two-third majority. On the basis of past performances, the Democrats will not be timid in demanding concessions before producing the vote.

Various departments of the state government now are preparing their recommendations for legislation and budget requirements for submission to Duff. They will be dove-tailed in the governor's office into recommendations to the Legislature.

Edge In Senate

Both Rep. Hiram G. Andrews, Cambria county, and Sen. John H. Dent, Westmoreland county, Democratic floor leaders, are expected to retain their posts for the 1949 session. Both were re-elected last week.

On the Republican side, GOP House and Senate members will meet before the session starts to pick their leaders.

Rep. Herbert P. Sorg, Elk county, became acting speaker of the House when Speaker Franklin H. Lichtenwalter was elected to Congress after the 1947 session. He is now being prominently mentioned for a two-year term at that post. The Republicans must name a majority floor leader, the post Sorg vacated when he became acting speaker.

The Republicans have a 35-15 edge in the Senate, an increase of one member from the 1947 session. Sen. M. Harvey Taylor, Dauphin county, GOP state chairman, has been president pro tempore of the Senate for two sessions and is mentioned for another term.

Embezzled \$34,479 For "Entertaining"

Philadelphia, Nov. 8 (AP)—A blonde \$40-a-week novelty shop worker accused of embezzling \$34,479 from her employer over the past two years told police she took the money because she liked to entertain.

"I like this way of living, and I couldn't do it on \$40 a week," detectives yesterday quoted 31-year-old Mrs. Helen Morganstein as saying when she was arrested in her well-furnished apartment.

She was charged with embezzling the money from Brantz company, dealers in novelties and toys.

Delay Inquests In Eight Shootings

Chester, Pa., Nov. 8 (AP)—Inquests into the deaths of eight persons killed by a crazed gunman were delayed today because the bullets fired in the victims' bodies had disintegrated.

Ballistics experts reported yesterday that physicians who performed autopsies on the victims of the shooting fray Saturday found only small metal particles which could not be used for analysis.

Chief Detective Fred Jack said the killer, Melvin Collins, used 22 caliber hollow-point bullets to kill seven men and one woman. Collins fired from his barricaded second floor room overlooking the Chester business district.

Jack said Collins shot himself to death after the other shootings.

APPEAL BY HEAD OF UN SAVES 10

Paris, Nov. 8 (AP)—The Greek government responded to an unprecedented plea by the president of the U. N. General Assembly by postponing the execution of 10 seamen who had been scheduled to die today.

Dr. Herbert V. Evatt, Australian foreign minister and president of the assembly, asked the postponement yesterday in cables to King Paul and Premier Themistokles Sophoulis.

Evatt said the executions would seriously interfere with attempts he is pushing here for a "Balkan peace conference" in which the Greeks would sit down to negotiate with Yugoslavia, Albania and Bulgaria.

The appeal came in the midst of a Greek domestic political crisis. Sophoulis said today he will resign as soon as the Greek debate in the U. N. has been completed.

The postponement was announced last night in Athens by the Greek ministry of justice, which gave no indication of what future action might be taken in the case.

The 10 seamen had been convicted of subversive activity by a Maritime tribunal last week. They were charged with collecting money from members of the Merchant Marine to be sent to support Communist Leader Markos Vafiades and his rebel guerrillas.

Marshall To Visit Capital

Washington, Nov. 8 (AP)—Secretary of State Marshall probably will visit Washington before the end of the month.

His mission will be to report to President Truman on the United Nations meeting at Paris and review outstanding American foreign policy problems.

But diplomatic authorities here believe a decision also will be made on whether and how long Marshall will stay in the cabinet after inauguration Day January 20.

Marshall is known to want to retire, but there has been talk that Mr. Truman may ask him to remain and lend a hand with such impending problems as seeking Senate approval of an American military alliance with the principal countries of Western Europe and the North Atlantic area.

It seems probable that the Chief Executive also will want to review with his Secretary of State future moves in the cold war and determine whether any improvement may be possible in relations between the Western powers and Russia.

\$75,000 BARN FIRE

Philadelphia, Nov. 8 (AP)—A barn fire on the estate of the Rev. Theodore Pitcairn in suburban Bryn Athyn caused a loss the minister estimated at \$75,000. Firemen said the blaze Saturday night apparently started spontaneously in a huge quantity of baled hay stored in the barn. Nine nearby communities sent firemen to battle the flames.

them she spent most of the money entertaining friends at New York theaters and on trips to Atlantic City and other resorts. Mrs. Morganstein told detectives her husband, Louis, knew nothing of her business activities.

Chapter 11

Standing as Rosalie was on the steps she could look over Joe's head. She wanted him to feel her scorn and step back; instead he caught her gloved hand tightly. His voice was husky, with that strange disturbing huskiness that came when he was deeply moved.

"I've been sitting here waiting for you. I thought you would never come. I saw you go in but I—I was afraid to ring the bell."

"You don't seem to be at all afraid to hold my hand and detain me when I'm in a hurry."

"I got to talk to you, Rosalie."

"And I don't have to talk to you—or anyone else. There is a policeman coming. If you don't stop annoying me instantly I shall call him over."

She made a gesture.

Her indignation was futile. Joe's grip on her arm tightened and with his free hand he beckoned to the officer on horseback.

"Come here, Tim. This is the young lady I was telling you about. Miss Rosalie Meeghan. Rosalie, this is Tim Kearns, if you don't know him already."

Tim had a wide Irish grin, and it widened as he bowed from his horse. "Sure I don't expect Miss Meeghan to remember me, but I've seen her dozen or times and I know all about her."

The girl's eyes chilled. "In that case, Mr. Kearns, would you mind telling this man to stop holding my arm and annoying me?"

Tim chuckled. "Should I arrest him?"

"It would be a great favor."

Joe spoke quietly. "She's been hidin' from us, Tim, but I found her last night, and tonight Mom said I was to bring her home with me willy nilly. You know how Mom is when she makes up her mind."

"Indeed I do that. So I won't be detainin' you—unless you want a police escort for a while."

Joe waved him away and he went. Joe drew a deep breath.

"Mom does want to see you, Rosalie."

She stopped and faced him. "You aren't as surly as you were last night."

"I was crazy last night. I didn't need Mom to tell me so when I got home today. I been crazy ever since—since that night. When I saw him there in your house I didn't know what I was doing. Can't you let me tell you how sorry I am?"

"It isn't necessary. I saw you. That is enough."

"But I'll go tell him I'm sorry."

"I don't know why I bother telling you, but there is no reason not to do so. He is back in California and going to marry a San Francisco girl."

"Then he didn't come to take you away?"

The astonishment in his tone irritated her.

"Don't be ridiculous! I left because there was no reason to stay in that awful old block. I can work now, in fact I am working, and I intend forgetting my shanty-Irish background. It is a clean break, so I don't care to see anyone I used to know. Now you understand—or your mother will if you don't."

"I thought our new life was to begin together—when we got married."

"Do you think for one minute that I would marry you—now?"

He hung his head and moved a restless foot. "That's all I live for, Rosalie. I know you're mad at me, but—"

"Just one mine, Joe," she cut in sharply. "I have no time to waste in explanations or recriminations, but you might as well get the non-sense out of your head. Even if I

Expect To Recover Body Of Suicide

Philadelphia, Nov. 8 (AP)—Motor Harbor police said today that chances were 100-to-1 that they would recover the body of an unidentified blonde woman who plunged 150 feet from the Delaware River bridge to her death.

Witnesses told police yesterday that the woman climbed over a three-foot railing on the north footwalk near the center of the bridge, hesitated a moment, and then leaped into the river. The victim was described as being about 23 years old.

The young woman left no notes or clothing on the footwalk. It was not learned whether she came from the Philadelphia or Camden, N. J., side of the span.

SHOOTS WIFE'S SUITOR AND DIES

Pittsburgh, Nov. 8 (AP)—Rudolph Scavinsky died in an automobile crash less than an hour after Patrolman Al Pesko said the 32-year-old steelworker shot a suitor of his former wife.

Pesko gave the following version of the shooting and fatal crash yesterday: Scavinsky met Paul Staso, 34, a Westinghouse Electric corporation employee, and Scavinsky's former wife, Helen, as they emerged from an East Pittsburgh night club early yesterday. As Staso started toward Scavinsky, he was greeted by a flurry of bullets.

Scavinsky eluded police trying to seize him and later returned for a car which he had parked nearby. With no one in pursuit, Scavinsky drove off at a high rate of speed, striking a concrete dividing wall and suffering fatal injuries.

Staso was taken to Braddock General hospital with two bullet wounds of the hip. Doctors described his condition as good.

Fesko said Mrs. Scavinsky told him her former husband was jealous and that he had threatened her life. She had him placed under a surety of peace bond of \$2,000 two months ago, Fesko said.

Philadelphia, Nov. 8 (AP)—Richard Bach, 58, widely known theater organist, died yesterday of a heart attack. He was found dead in bed by a relative who had come for a visit.

Predicts Changes In U.S. Tax Laws

Washington, Nov. 8 (AP)—Rep. Eberhart (D-Pa.) said today he looks for President Truman to urge a revision of the 1948 income tax cut.

The idea, said Eberhart, would be to pass more of the savings along to low income groups by boosting the levies for those in the upper brackets.

Eberhart, a member of the tax-framing House ways and means committee, also predicted that Mr. Truman will revive his excess profits tax proposal.

However, some of the President's advisers are known to take a dim view of such a move because of its possible effect on business. There has been considerable speculation that before Mr. Truman reaches any definite decision on business taxes he may renew his plea to industry to

AMERICA AIMS AT ALLIANCE WITH EUROPE

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Ever since the founding of our country the term "alliance" has been abhorrent to the average American because it has been accepted generally as connoting a military treaty and so as being an instrument of war.

However, it strikes me there will be a feeling of relief at the word from Washington that President Truman is expected to order the State Department within a few days to go ahead with negotiations for a military alliance treaty with western Europe.

The Atlantic, which shielded us in our isolation, has now shrunk to the size of a millpond. And we know from tough experience that the major quarrels of the old world involve us.

Defense Weapons
Moreover, with our atomic age education we now understand that while alliances may be instruments of aggression, they also may be powerful weapons of defense. As a matter of regrettable hindsight we realize that an alliance between the United States and the western European powers most likely would have prevented both world wars.

So now a project is actively under way to form an alliance which will join the United States and Canada to the countries of western Europe, using the recently formed Western European Union as a nucleus. This union comprises Britain, France, Belgium, The Netherlands and Luxembourg. It is expected that several other countries will be included, among them Iceland and Portugal.

The project contemplates not only helping these countries get on their feet economically through the Marshall Plan, but a program of military assistance is under consideration.

Safest Insurance
As a matter of fact the United States already has got the military aid under way. Reliable sources in

SINGER—Frances Yeend, opera and concert soprano, does handstand during Florida vacation between ensembles.

Frankfurt, Germany, state that America already has armed three French divisions with \$5,000,000 worth of military equipment, this being part of the plan for restoring western Europe's military strength.

A western alliance is the safest insurance the western nations could have against aggression. The cold war will continue, for Moscow never will cease in its world revolution for the spread of Communism until circumstances force it to quit.

But Russia isn't likely to launch a military attack against western Europe if a powerful alliance guards the ramparts.

LET Potash SERVE YOU

THREE of the American Potash Producers, namely, the American Potash & Chemical Corporation, the Potash Company of America, and the United States Potash Company, through their consumer service organization—The American Potash Institute—are constantly endeavoring to make the use of this necessary plant food more efficient and economical. Cooperating with Federal and State Agricultural Agencies in laboratories and experiment stations, the Institute helps promote scientific research and field demonstrations which will result in practical recommendations for potash use. As a clearing-house for this new information, it publishes regularly for the official agricultural advisory forces a magazine called *Better Crops with Plant Food*.

For YOU, using potash in the fertilizer to feed your crops, the Institute maintains a staff of trained agronomists who are at your service. It has available for you free literature from official sources telling how to grow large yields and good quality of crops and maintain soil fertility. Motion pictures on soil and crop deficiency symptoms and means for determining them, as well as films on good soil management, can be obtained from the Institute without charge upon request for showing by county agents, teachers of vocational agriculture, and responsible farm organizations.

IN MEMORIAM

In loving memory of my mother and father, who departed this life August 18, 1936, and November 8, 1946, Charlotte and William Yoh.

Just a line of sweet remembrance.
Just a memory fond and true
Just a token of love
That our hearts still long for you.

Those whom we love go out of sight
But never out of mind
They are cherished in the hearts
Of those they left behind.

Tender thoughts a secret tear
Makes their memory ever near
Thoughts return to things long
passed
Time rolls on, but memories last,
Sadly missed by daughter,
Mrs. H. G. Havestock.

The depth of sorrow we cannot tell
Of the loss of one we loved to well
And while they sleep a peaceful
sleep
There memory we shall always keep.
Grandchildren,
Mildred and William.

Timoshenko Says U. S. Seeking War

Moscow, Nov. 8 (AP) — Soviet war hero Marshal S. K. Timoshenko said "the peace-loving policy of our state is meeting resistance from Anglo-American warmongers" as the 31st anniversary of the Russian revolution was celebrated yesterday.

Speaking atop Lenin's tomb as the might of the Red army paraded in front of leading Soviet politicians, foreign diplomats, military ob- servers and cheering crowds, Timo- shenko urged preparedness. But, he said, the growing forces of peace "will not allow a new war."

Prime Minister Stalin did not take part in the ceremonies in Red square. He was said to be on his annual vacation. Timoshenko was flanked by Foreign Minister V. M. Molotov and Marshal Nikolai A. Bulganin, minister of armed forces, in reviewing the parade of troops, tanks, vehicles and planes.

Observers noted the emphasis on aviation this year. Jet fighters and four-engined bombers were con- spicuous.

PLAN TO HOLD HANDICAP

Weather permitting, the regular women's kickers handicap will be held on the Gettysburg Country club golf course as part of the Ladies' Day program on Tuesday, it was announced today.

Interest In Royal Birth Is Mounting

London, Nov. 8 (AP)—Britons generally believe Princess Elizabeth's baby probably will arrive at Buck- ingham palace Saturday or Sunday. They arrived at that calculation from a mass of gossip, fancy and information available in London as world-wide interest in the im- pending arrival of the second-in-line her- presumptive to the British throne rises to a crescendo here.

The princess is in excellent health and spirits. Some of the excitement attendant to the birth of her first child has penetrated the palace, to the evident amusement of Elizabeth.

"Why does everyone make such a fuss?" she laughed. "I'm not the only woman who is going to have a baby."

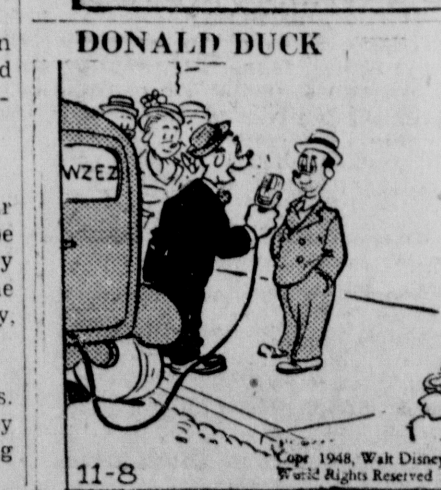

Olean, N. Y., Nov. 8 (AP)—Fellow nationmen have been getting Patrol- man John Panado's goat. It was cuffed into jail when caught after two recent escapes from Panado's home.

Tank Cars Of Gas Go Up In Flames

Kansas City, Nov. 8 (AP)—Three tank cars, loaded with 30,000 gallons of gasoline, and four freight cars went up in flames today in the derailment of a Missouri Pacific freight train at Dodson, Mo., a sub- urb of Kansas City.

Three persons suffered minor burns in fighting the flames, which sent a huge billow of smoke over the southern part of the city.
